

What does it cover?

The framework is a comprehensive offering to deliver either a single or bundled service for a range of car park-related products and services. APCOA has been selected as an approved supplier for **the following lots:**

1. Car Park Design Build and Finance

Providing end-to-end services including planning; contemporary designs; full construction; equipment provision; and financing options to deliver tailored, cost-effective car parks

2. Car Park Design, Build, Finance and Operation

Providing everything in Lot 1 in addition to professional management, staffing, and day-to-day operation of car parks

3. Car Park Management

Providing professional management, staffing, and day-to-day operation of car parks, including data analytics and information

4. ANPR (Automatic Number Plate Recognition)

Providing Automatic Number Plate Recognition (ANPR) cameras to monitor car park vehicle movements and identify unauthorised parking; assisting with payment recovery

5. Barrier Control

Providing barrier-controlled parking systems for single or multiple parking facilities; assisting in preventing unauthorised parking

6. Pay on Foot Solutions

Providing automated payment stations for flexible parking control, where payment for time parked is completed before exit; enhanced by APCOA Connect which enables secure payment via smart phone

7. Pay and Display Solutions

Providing pay and display stations for fixed time parking sessions, and enforcement services; enhanced by APCOA Connect which enables secure payment via smart phone

8. Electric Charging Points

Providing E-Mobility stations to enable owners of electric and hybrid vehicles to re-charge whilst they park

NHS Shared Business Services: Car Park Management and Infrastructure Framework

You may have heard about the new NHS Shared Business Services framework for Car Park Management and Infrastructure which provides the NHS and the wider public sector with a comprehensive, one-stop solution for all car parking needs.

What you may not know is that APCOA has been selected as an approved supplier.

How does it work?

You can now either **directly award** a contract to APCOA, providing a timely and compliant route to meet your requirements, or run a **mini-competition** with approved suppliers on the framework to meet bespoke needs.

Either way, you will have the confidence of knowing that **APCOA meets the service and commercial standards required by NHS Shared Business Services.**

NHS SBS FRAMEWORK

What are the benefits of using the NHS Shared Business Services framework?

- It is designed to ensure **competitive pricing to help drive savings** and improve efficiencies.
- It makes it easy for you to **directly award a contract**, knowing that APCOA meets the service and commercial standards required by NHS Shared Business Services to deliver maximum value to its customers.
- It is fully **OJEU compliant**, leading to savings in both time and cost, and offers more flexible contract terms by enabling you to mix and match your requirements.
- It **supports the government's green agenda** by providing EV charging infrastructure and cycle parking infrastructure, and the NHS car-parking management guidance (DOH HTM 07-03) relating to sustainable transport, car-park management and car-park equipment.

Why has APCOA been selected as a supplier?

APCOA is Europe's largest parking services business with almost 50 years' experience in car park infrastructure and management, and is the market leader in the provision of end-to-end services including on and off street enforcement.

APCOA UK, with headquarters in Uxbridge, has more than 100 clients across local government, NHS, commercial, airport and rail sectors. We are experts in combining technology-based solutions with on-ground operational support.

With 2,500 staff nationally, we work with integrity to deliver efficient, innovative and quality services.

Who can use the Car Park Management and Infrastructure framework?

This agreement applies to **all UK-based public sector organisations**, including local authorities, educational institutions, housing associations, the emergency services and the NHS.

How do you find out more?

Please contact: sbsframework@apcoa.com and we'll be pleased to answer any questions.
